

04/02/2021

Throughout the pandemic, we have continued to adhere and adapt to the recommendations being issued by the Centers for Disease Control and Prevention (CDC), as well as our local health departments.

Currently these recommendations and requirements for both staff and customers include:

- Wearing a mask or cloth face covering over mouth and nose.
- Social distancing—staying 6 feet apart.
- Increased frequency of handwashing with soap and water.
- Frequently disinfecting surfaces, including door handles and handrails. (We have assigned two additional staff members to spend each day disinfecting these surfaces.)
- Disinfecting all baskets and carts in between uses.
- Staying home if one feels unwell or a member of your household feels unwell. (All of our employees receive paid sick leave/paid time off.)
- Limiting customers at each shop and staffing door monitors at Market Hall Foods, Paul Marcus Wines and Market Hall Produce.

In addition, we have introduced:

- Parking lot pickup and delivery services.
- Reserved shopping time for senior & vulnerable individuals.
- Weekly all-staff training and update sessions, to reinforce procedures and introduce updates as they occur.

We are encouraged that so many of our customers and staff have commenced the COVID-19 vaccination process and we are supporting staff with vaccine sign-up, information and scheduling. **We ask that everyone, regardless of vaccine status, continues to adhere to our mask and distancing protocols.**

We deeply appreciate your ongoing support for small businesses like ours.
